# NEW FROM PARAGRAFIX

## Chariot Photoetch Set

We tried to not do anything that takes away from the charm of this kit that was originally produced by Aurora. To that end, we have not made any changes to the overall shape or proportions of the kit – we have merely enhanced some of the details to give the Chariot a greater sense of scale.

Included in this photoetch set are

- Replacement front and rear bumpers
- Replacement ladders
- Door handles
- Replacement radiator grills
- Replacement cargo platform
- Trailer hitch
- Gas cap
- Replacement dish antenna supports

There is also a “Lost in Space” logo sized to replace the block lettering on the rock formation.

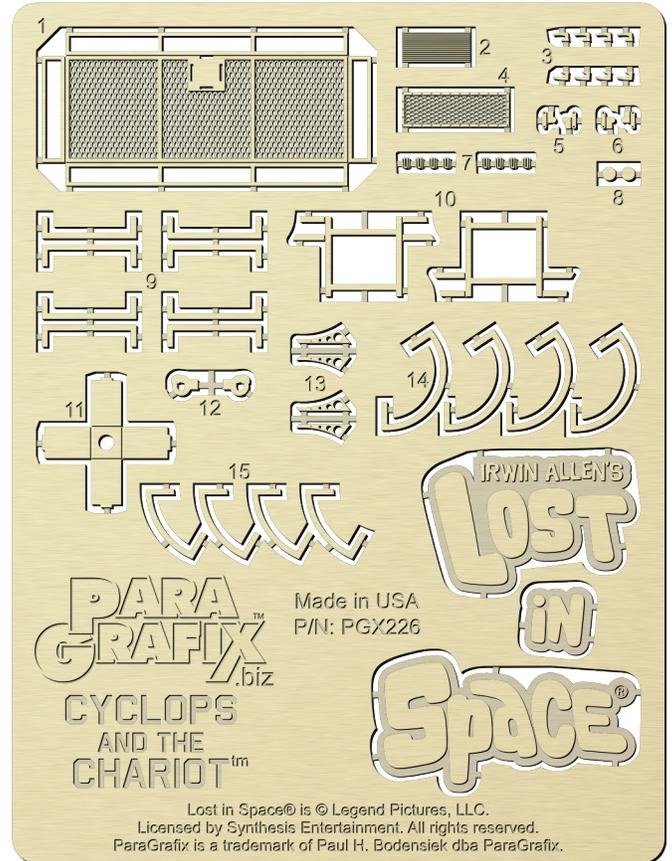

**Part:** PGX226

**MSRP:** \$21.95

**Scale:** 1/48 (figures are 1/35 scale)

**Available:** o/a February 3, 2020

**For:** Doll and Hobby GA 1420

Made in USA  
 P/N: PGX226
